

Thank you for purchasing our ACR Precision Forend. We hope that you enjoy it and we think that you'll find it to be high quality and a large improvement over stock.

INST-ACR-QDP

# ACR Precision Forend

## Contents of Package:

- Forend, fully assembled
- Fasteners:
  - 1ea Sling Stud
  - 2ea M5 flat weld nut
  - 1ea Nylon washer

**Safety Warning:** Before you attempt any installation, make sure your rifle is unloaded. Also, before starting remove the bolt and magazine from the rifle.

## Installation Instructions:

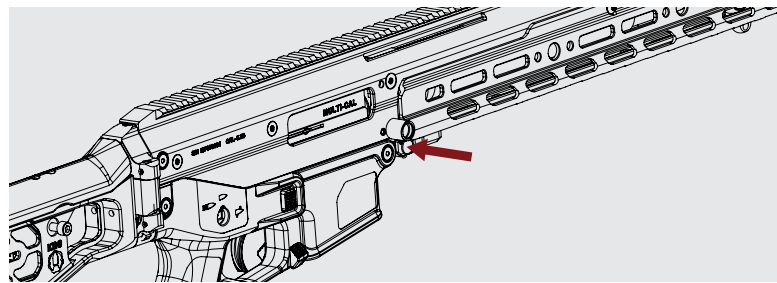

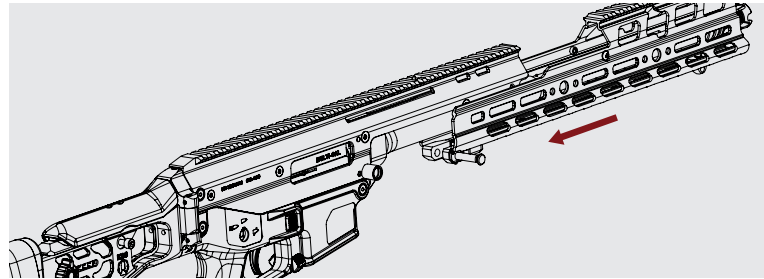

### Part I: Remove existing forend

**Step 1:** Push the detent pin out and slide the forend off the front of the rifle.

### Part II: Install KRG forend onto your ACR

**Step 1:** Slide the forend over your barrel and seat into place. The KRG forend mounts the same way as the ACR forend.

**Step 2:** Push the detent pin in to lock the forend in place, you are done!

## Forend Mounting points:
